

Year 5 Summer Half Term 5 2017 - Parents' Leaflet

The aim of our curriculum is to link much of the work around a theme, which makes learning more exciting and purposeful.

Science

We will be learning about the relationship between the Earth, Sun and Moon and how they affect our day, night and our seasons. We will be looking at the phases of the Moon and finding facts about some of the planets in our Solar System. We will also study the water cycle.

Music

This will be covered during creative carousel.

English Work

Our first unit, The Water Tower, links in with the water theme and focuses on writing a blurb, description of settings, a letter, a police report and writing an alternative ending.

Religious Education

We will be learning about sacred texts in Christianity, Islam and Buddhism.

This half term our topic is:
How powerful is water?

Mathematics

We will be embedding our understanding of the four operations (+, x, - and ÷) when problem solving. We will also be working on volume, percentages, properties of irregular and regular 2D shapes and scaling.

PSHCE

Our 'Value' this term is Liberty.

ICT /Computing

We be using Flowol to learn about controlling devices. We will also be using iPads to create film trailers.

How you can Help

Please make sure your child's homework is completed on time. Listen to your child read.

Art

Create a collage based on water after studying the artist Hokusai (The Wave).

French

We will be learning the vocabulary for French modes of transport.
