

**Further ways in which learning can
take place at home**

**Please could you donate any
plants, seeds etc to help our topic.**

**Cut out pictures of plants from
magazines, seed catalogues etc**

**As you are walking to and from
school, talk about the plants you
can see, their names and where
they are growing.**

Learning at home

Summer Term 2

Year 1

Hopefully the SUN will start shining!!!

Please ensure that you apply sun cream to your child before school and that they have a named hat for playing out in the sun.

R.E.

Special People

This is a Science driven topic. During this term we will be finding out what a plant is, how they grow and how important plants are to us.

PE
Athletics and Games

Values

My values

ICT e-safety

How does your garden grow?

This half term we will try to answer the following questions in our main topic...

- Week 1. Introduction about our topic.
- Week 2. What is a plant?
- Week 3. What do our seeds need to grow?
- Week 4. Who's afraid of the big bad scarecrow?
- Week 5. Who are plant eaters?
- Week 6. What grows in Sunny's garden?

MATHS

We will be recapping the following...

- Fractions
- Coin recognition
- Addition, subtraction, multiplication and division problems.

We will be learning...

- Language of position
- Using and applying through worded problems
- Reading and writing numbers to 100 in numerals

LITERACY

Core book Bog Baby

Our Literacy is linked heavily to our topic this term.

- Writing instructions for planting seeds
- Reading and writing recount stories
- Using stories to generate ideas to write our own stories

Other books we will be reading:

- Tattybogle,
 - Tale of Peter Rabbit,
 - The Scarecrow's Wedding
- Your child will continue reading to an adult twice a week in Guided Reading.
Please listen to your child read at home as often as possible and comment in their reading record book.
