

## Year 3 Spring Half Term 1 Parents' Leaflet

### Mathematics

As mathematicians we will expand our knowledge of addition and subtraction strategies. We will read analogue and digital clocks and answer worded problems. We will look at angles and lines. We will use money to solve problems.

### French

We will learn the names of our family members in French e.g. mum - La mere.

### DT/ Art

We will design and make an erupting volcano.

### Literacy Work

We will be learning how to write newspaper reports. We will read the book 'Fox' and discuss the imaginative writing.

### WOW

We may even experience our very own natural disaster!

This half term our topic is:

## **What makes the Earth angry?**

*Pupils will be taught physical geography in particular volcanoes and earthquakes.*

### Religious Education

Places of Worship

### Science

We will learn about the properties of magnets and springs, and create our own toy or game based on these. We will present these to the younger children.

### P.E

Gym and orienteering

### PSHCE

Keeping safe and managing risks.

### Music

We will be singing two part songs.

### How you can help?

Please save any newspapers for our English topic. Please make sure your child reads daily at home.

### Computing

The title of our next topic is "We are presenters".

### Creative carousel

Every Monday afternoon we will learn new skills such as art, music,, food technology etc.
