

Year 5 Summer Half Term 5 2018 - Parents' Leaflet

The aim of our curriculum is to link much of the work around a theme, which makes learning more exciting and purposeful.

Science

We will be learning about the human lifecycle and how we grow up and change.
We will also study the water cycle.

Music

Will be covered during creative carousel.

English Work

Our first unit, The Water Tower, links in with the water theme and focuses on writing a blurb, description of settings that create tension and suspense for the reader and writing an alternative story ending to the book..

Religious Education

Why do people feel the need to express their beliefs?

This half term our topic is:
How powerful is water?

We will be learning about rivers, oceans, coastal erosion and how water has the power to sustain life and create hydro-electricity.

Mathematics

We will be embedding our understanding of the four operations (+, x, - and ÷) when problem solving. We will also be working on volume, percentages, properties of irregular and regular

PSHCE

Our 'Value' this term is Liberty.

ICT /Computing

We be using a screen turtle to model procedures.
We will also be using iPads to create film trailers.

How you can help?

Please make sure your child's homework is completed on time (brought into class on Fridays).
Listen to your child read.

Art

Create a collage based on water after studying the artist Hokusai (The Wave).

French

We will be learning the vocabulary for French modes of transport.
