Low Ash Primary School Safeguarding Policy

Safeguarding Statement

At Low Ash Primary School we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at Low Ash Primary School. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.

Equality Statement

We have carefully considered and analysed the impact of this policy on equality and the possible implications for pupils with protected characteristics, as part of our commitment to meet the Public Sector Equality Duty requirement to have due regard to the need to eliminate discrimination, advance equality of opportunity and foster good relations.

This policy has been developed following the latest DFE guidance
‘Keeping children safe in education’ September 2018
‘Working Together to Safeguard Children’ (2018)
Ofsted guidance ‘Inspecting Safeguarding’ (2018).

Early years education and skills settings should be safe environments where children, learners and vulnerable adults can learn and develop. Inspectors should consider how well leaders and managers in early years settings, schools or further education and skills providers have created a culture of vigilance where children’s and learners’ welfare is promoted and where timely and appropriate safeguarding action is taken for children or learners who need extra help or who may be suffering or likely to suffer harm. (Inspecting Safeguarding in early years, education and skills settings 2018)

Definition of Safeguarding (Keeping Children Safe in Education 2018)

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- protecting children from maltreatment
- preventing impairment of children’s health or development
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- taking action to enable all children to have the best outcomes

Safeguarding is not just about protecting children from deliberate harm. It relates to aspects of school life including:

- pupils’ health and safety
- the use of reasonable force
- meeting the needs of pupils with medical conditions
- providing first aid
- educational visits

- intimate care
- internet or e-safety

Specific safeguarding issues to consider (list taken from ‘Keeping children safe in education’. September 2018)

- drug taking
- alcohol abuse
- FGM
- children missing from education (CME)
- sexting
- peer on peer abuse (eg. Bullying, physical abuse, sexual violence and harassment, sexting and initiation / hazing type violence and rituals)
- children and the court system
- children with family members in prison
- child sexual exploitation
- child criminal exploitation: county lines
- domestic abuse
- homelessness
- so called ‘honour-based’ violence
- preventing radicalisation
- sexual violence and harassment between children in schools and colleges
- contextual safeguarding (assessments of children should consider whether wider environmental factors are present in a child’s life that are a threat to their safety and / or welfare)
