

Year 3 Spring Half Term 2 Parents' Leaflet

Mathematics

We will continue to focus on mental and written arithmetic skills using all four operations. We will ensure that we can quickly recall mathematical facts. We will also focus on time and other measures, and present data in different ways.

WOW WEEK

We will participate in a **arts week**, which will include working with real artists.

Literacy Work

We will learn about the features of newspapers and then write our own newspaper article based around our topic. We will also be writing shape poetry. We will also write our own story ending to our new book "Fox".

French

We will learn the French words for pets and other animals.

Religious Education

How do faith communities demonstrate what is sacred?

We will be continuing our topic **What Makes the Earth Angry?** and Starting our Science topic: **Plants**

Creative Carousel

This half term we will be either taking part in music, drama or design

Science

We will be learning about plants and how new ones grow. We will do some of our own planting.

British Values

Our focus this half term is democracy.

How you can help?

Please continue supporting your child with their homework challenges. Listen to them read daily and ask them questions about the text. Please also continue to support them with their spelling and Mymaths homework.

Computing

Programming and learning to debug using Scratch
