

Year 3 Spring Half Term 2 Parents'/Carers' Leaflet

Mathematics

We will continue to focus on mental and written arithmetic skills using all four operations. We will ensure that we can quickly recall mathematical facts. We will also focus on different forms of measurement, including time and present data in different ways.

WOW WEEK

Make-a-difference week.

We will be planning and negotiating a project to help make a difference in our local community.

Literacy Work

We will write our own story ending to our new book 'Fox', which ends on a nerve-racking cliff-hanger. We will also use Lewis Carroll poems as inspiration to write our own poetry.

French

We will learn the French words for pets and other animals.

Religious Education

How do faith communities demonstrate what is sacred?

We will be continuing our topic **What Makes the Earth Angry?** and Starting our Science topic: **Plants**

Creative Carousel

This half term we will be taking part in design technology using either iPads, textiles or construction materials.

Science

We are continuing to learn about rocks and fossils. We will be learning about plants and how new ones grow and planting some of our own plants.

British Values

Our focus this half term is democracy.

How you can help?

Please continue supporting your child with their homework challenges. Listen to them read daily and ask them questions about the text. Please also continue to support them with their spelling and MyMaths homework.

Computing

Programming and learning to debug using Code.org
