Learning from home – update Year1

Dear Children,

We hope you are keeping well and working hard for your parents. We are missing you and thinking about you and your families all of the time. Well done to the people who have completed their Purple Mash work. We have commented on it and set some more work for you to do.

Here are some more ideas for you to do with your “new teachers”!

- Write a letter to your class teacher telling her what you have been doing so far.
- Make an obstacle course in your garden and time how long it takes you to complete it. Draw a map showing the route.
- Read a new book and write a review about it.
- Keep joining in with Joe Wicks Keep Fit P.E. sessions
<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>
- Listen to David Walliams story time www.worldofdavidwalliams.com/elevenses/
- Go on White Rose Maths activities <https://whiterosemaths.com/homelearning/>
Choose your year group, watch the video and off you go!
- Draw a picture and write about all the members in your family.
- Keep a diary about all the things you are doing at home. Draw pictures and take photographs if you can.

If you want you can use your homework diary.

- Keep a weather chart.

Draw symbols for the different types of weather.

Love Mrs Nellist & Miss Briggs
