3rd April 2020

Dear Class 3MH,

I hope that you are all ok and getting used to your new way of learning. It might be helpful to try and stick to our school timetable. You could start off with some Maths, then some reading, spelling and writing. You don't have to work for the same length of time as we do in school, but having some sort of routine could be helpful. If you haven't already, you should try joining in with the Joe Wicks daily P.E session. It's a great way to wake up and start the day positively. Give it a go, just search for it on You Tube.

I have really enjoyed seeing your work on Purple Mash. I can tell how much effort and thought you are putting into it and it makes me especially proud to think you are working independently. Please keep up the good work with that as I enjoy writing nice comments when it is handed in.

During term time, it is really important that you do some Maths and English work every day, plus any Science, History and Geography that has been set. However, next week is the beginning of the Easter holidays and a time when you should enjoy relaxing with your family. Please spend lots of time reading books you love, playing games, going for a daily walk and watching fantastic films.

Enjoy all the signs of spring that are beginning to bloom in the world around us, the lighter evenings, the birds singing and the colourful flowers that are shooting up. It is a lovely time of year, which always makes me feel warm and positive about the future, and I hope it does for you too.

Keep checking the blog on Purple Mash, and it would be great if you could post a message on there, telling us all about the nice things you are doing over Easter.

See you all soon,

Mr Hall
