21st April 2020

Dear Class RSR,

We hope that you are all ok and had a lovely Easter with your family. We hope that you are all enjoying the lovely sunshine too. We think about you all every day and we can't wait to hear about all the things that you have been doing at home. We hope that you are now settled into your new routine.

Purple Mash is up and running. We have set three activities on Purple Mash for you to do so far. The current activity is to write a postcard. We have read a few already and it is so lovely to read about all the lovely things you have been doing at home. We check it all the time and it always puts a smile on our faces when we look at all your fantastic work. Thank you for the postcards we have received so far. We are really looking forward to reading the rest. We will set a task each week. The next task will be set on Monday 27th April which gives you a bit of time to write your postcard. We will continue to check Purple Mash and will always write a message to you and give you a stamp. If you are having any trouble login onto Purple Mash, just get in touch with school and they will get a message to us, so we can contact you to give you some help.

This half term we are learning all about growing. Our core book is Jack and the Beanstalk. We also read, The Enormous Turnip and The Little Red Hen. These are all available to watch on YouTube. Here are some activities you can do.

Can you retell the story of Jack and the Beanstalk to your family?

Which is your favourite part and why?

Would you have climbed the beanstalk?

Can you think of your own ending? What would you like to find at the top on the beanstalk? We would like to find magical rainforest with lots of weird and wonderful animals that can talk!

Can you plant a sunflower seed or a bean and watch it grow? Can you measure how tall it is?

Miss Gray has put together a timetable with a variety of fun activities that you can do at home. These include a phonics, maths and topic themed activity – see separate document.

There are lots of lovely stories you can read along with on Book Trust. There is also a variety of activities that you can do too. <https://www.booktrust.org.uk/books-and-reading/have-some-fun/>

Please remember, home schooling is very different to learning in school so please don't feel you have to do lots of 'work' every day. We bet you are all being really helpful boys and girls at home, making your own bed in a morning, keeping your bedroom tidy and helping to make lunch.

We want you to continue to have fun, try new things and make lots of memories. One way to record your memories is to make a time capsule. You can download a free Covid-19 Time Capsule work book online - just type it into Google. You can keep a record all about yourself, how you feel, what you are doing and any special occasions you have had during Lockdown etc. This is something you can look back on when you're older to remember your time at home.

Stay safe!

See you all soon

Mrs Rendell and Mrs Dowker

What has Mrs Rendell been up to?

Hello everybody,

I hope that you are all well!

I continue to think about you all. I can't wait to hear about all the wonderful things you have been doing at home. When we are back at school Miss Jones and I are really looking forward to hearing about some of the new things you have learnt to do.

I have been enjoying the lovely sunshine. I have spent most days outside in the garden with my children. It has been so hot, I had to find my sun cream! We have planted some sunflowers. We are going to see whose can grow the tallest! Fingers crossed it's mine! We have been tidying up the garden and we have dug up all the weeds - we had a lot! We have also power-washed the patio, so it is all clean for the summer. My husband Darren, keeps looking at the garden and deciding what he is going to do next!

We have done lots of baking. We made some banana bread and last week we made some fudge. We got the recipe from Mrs Todd! It was yummy! We are still having fun with our new puppy, Odin. He is getting bigger all the time. He's a good boy most of the time but he can get up to mischief in the garden. He loves to find new things to chew in the garden and he loves to dig in the mud! He was a very messy puppy the other day and we had to give him a bath! Odin still loves to snuggle up with us on the sofa, but he is getting bigger now and when he stretches out he takes over the sofa!

Ella and Luke are enjoying spending time in the garden. We don't have a paddling pool but they have enjoyed running through the sprinklers! We have made lots of dens and at the weekend we put up a tent in the garden!

Take care everyone. I hope that we are all back at school soon and we can share all our Lockdown memories.

Have fun and stay safe 😊

What has Mrs Dowker been up to?

Hello everyone,

I am looking forward to seeing you all and finding out what you have been up to!

I have been enjoying the sunshine with my children. We have played in the paddling pool and tidied up our garden.

Inside, we have also had a go at building our own cardboard houses along with making pictures to send to family and friends.

I look forward to seeing your lovely postcards. Have fun and stay safe.
