21st April 2020

Dear Year 3,

We hope that you have all had a fantastic Easter break and were able to do lots of things you enjoy, like watching some films, reading some of your favourite books, going on some lovely walks and taking part in Easter Egg hunts! We have been so lucky to have such beautiful weather most days, which has hopefully given you the chance to spend some time playing outdoors. We hope that you are feeling refreshed and ready to pick up where you left off with your home learning.

Work will continue to be set on Purple Mash, including weekly spellings and times tables, writing tasks and maths activities. Also remember to check MyMaths regularly for work. We have been very impressed with the effort and quality of work from so many people, so keep it up!

Hopefully you will have been working steadily through your paper packs as well. There will be some extra paper work sent out soon for those people who require it. If you do need extra paper work, please drop a message on to our class message board on Purple Mash or contact the school office. Remember, the blog on Purple Mash can be used to ask questions about work or just to have a chat with your friends and teacher. We have really enjoyed seeing all the fun and interesting things you have been getting up to over the Easter break!

We would also like to bring your attention to a new learning resource you should use from this week. It is called BBC Bitesize Daily and has 3 sessions for you to complete every day. <https://www.bbc.co.uk/bitesize/dailylessons> There is always an English and Maths session, with the other session covering a different subject each day. The Maths begins with work we have covered at the beginning of the year on place value. If you find that the work is far too easy, there is no need to do it. We would advise you to judge how easy or hard the work is and whether any adult support is required. There are also some fantastic topic and science themed activities on here for you to explore. You can start with learning how to think like a historian, before moving on to beginning to read maps in geography and learning about light and dark in science, which would have been our next topic. There are some super activities you can complete at home both independently and with your adults. We would love to see some pictures of these on our class blogs!

BBC Bitesize Daily programmes will be available on any TV via the Red Button and online on any device on BBC iPlayer with teachers, experts and famous faces covering what you will be learning that day. They have provided a timetable of what they will be covering each week in English, Maths and a topic-themed lesson [https://bam.files.bbc.co.uk/bam/live/content/zjh72sg/pdf#sa-link\\_location=blocks&intlink\\_from\\_url=https%3A%2F%2Fwww.bbc.co.uk%2Fteach%2Fteach%2Fbitesize-daily-lessons-schedule%2Fzdtwihv&intlink\\_ts=1587399340596-sa](https://bam.files.bbc.co.uk/bam/live/content/zjh72sg/pdf#sa-link_location=blocks&intlink_from_url=https%3A%2F%2Fwww.bbc.co.uk%2Fteach%2Fteach%2Fbitesize-daily-lessons-schedule%2Fzdtwihv&intlink_ts=1587399340596-sa)

If you still find yourself with lots of free time and energy, here are some links to ideas that can spark your interest and imagination:

<https://theweekjunior.co.uk/activity-hub> - Children's magazine *The Week Junior* has lots of ideas for crafting, cooking, designing and making. Hopefully, this will update weekly with new ideas and activities to be done.

Reading/Writing - Free reading/audio books and challenges

<https://stories.audible.com/discovery/>

<https://www.booktrust.org.uk/books-and-reading/have-some-fun/>

Finally, of course, don't forget about your PE with Joe Wicks! There are also a number of other exercise videos available on YouTube such as dance classes (Strictly's Oti Mabuse has some children's dancing tutorials on her Youtube channel) and yoga. It can be a really good way to stay active and healthy during this difficult time. However, do make sure you have an adult with you at all times when you are using the internet.

As always, look after yourselves and each other and stay safe. Please do keep in touch using the message board, even if it's just to say hello and share any nice things you have done.

Hope to see you all soon as we are missing you all!

Mr Hall and Miss Hansen
