11<sup>th</sup> May 2020

Dear Class RSR,

We hope you are all staying safe and most importantly, having fun! It is still a strange time for us all but hopefully you have started to adjust to this 'new normal' and are making the most of it. Fingers crossed we will have a lot more of this lovely weather as well. It always makes us feel happier when the days are brighter and we can get out into the garden or go for long walks without getting wet! Please remember though to use sun lotion to protect yourself from the sun's UV rays.

This is the perfect time to try and learn a new skill. We know some of you have learnt to ride your bike without stabilisers and others have been learning how to cook. It is great and we can't wait to hear all about your new talents. There are so many life skills that you could try and master during this difficult time, such as how to wash clothes or maybe you could even have a go at sewing. Some of you have even made some amazing objects out of wood using real tools. Well done! (Safety is the main priority, please do not attempt any of these without adult supervision!)

We are still uploading 'weekly activity ideas' onto the school's website and on Purple Mash. This is just a list of some different activities that you could try daily with your child at home or during your daily walk. Each activity links to our topic of 'Growing'. As well as this, we are still uploading weekly '2Dos' that you can access on Purple Mash. If you need any support accessing Purple Mash, please contact the school and we will do our best to help. You will find the weekly activities and '2Dos' in these folders;

File Name	File Type	Author	Date/Time	Message
Weekly plan Reception 4th May	.pptx file	Reception Teacher	Fri, 1 May 2020 15:43	Hope you are all well, here are some more suggested activities for this week.
Weekly plan Reception 27th April	.pptx file	Reception Teacher	Mon, 27 Apr 2020 12:37	Another week of activities 😊
Activity timetable ideas	.docx file	Reception Teacher	Fri, 17 Apr 2020 19:00	Here are a few ideas of activities that you can do during the week.

Most importantly, spend quality time with the people in your household and try to stay positive. Hopefully it won't be long now until we can all see each other again.

Take care, stay safe!

See you all soon

### What has Mrs Rendell been up to?

Hello everybody,

I hope you are all keeping well!

I am looking forward to seeing you all back at school. I have spent a few days in school. It is still very strange being there without you all. I am looking forward to seeing you all back in RSR, so we can all get back into our school routine. I have enjoyed looking at all your lovely work on Purple Mash and I thoroughly enjoyed reading all your postcards. I am very impressed with all the lovely work you have been doing at home.

I have continued to spend a lot of my time outside in the garden with my family. We are still sorting out the garden for the summer. My husband has been working really hard, sorting out the bottom of the garden. We are hoping to build a summer house soon. We ordered some Eco deck to create a base for our summer house. It arrived in two huge boxes. Ella and Luke were quick to claim these. They have been busy creating 'box forts' and have spent hours decorating them. They have cut out windows and made a door. They have added blankets and a pillow to make them all cosy. They have even started doing some of their school work in them!

We have been looking after our sunflowers and they have now started to grow. Luke's has grown the most so far. I am hoping mine will grow taller than his! Unfortunately, our dog Odin keeps trying to eat them when he's in the garden. I had to move them. They are now on top of the table. He's not quite big enough to reach them there!

We have been on lots of walks around our local neighbourhood. We go for a walk most days. Sometimes Ella and Luke go on their bikes or scooters. We are enjoying lots of walks with Odin now he has had all his vaccinations. We are having fun exploring our neighbourhood and discovering lots of new places to walk that we never knew were there!

Take care everyone, hopefully I will see you all back at school soon and we can share all our experiences.

Have fun and stay safe 😊

### What has Mrs Dowker been up to?

Hello everyone,

I am looking forward to seeing you all and finding out what you have been up to!

This week, I have been trying hard to decorate my living room without Phoebe (who is two) stealing the paint brush and painting the wrong wall!

My family and I have been making the most of our garden. My daughter Hollie, who is five, has been building her confidence riding her bike with stabilisers. Phoebe has been making mud pies and investigating mini beasts. We seem to have lots of snails.

I look forward to seeing your lovely work on Purple Mash. Have fun and stay safe.
