

Week Beginning 1st June 2020 Nursery

<p>Monday</p>	<p style="text-align: center;">English/Topic</p> <p>Read/watch the story 'There was an old lady who swallowed the sea' https://www.youtube.com/watch?v=7HsYnQV7BFk Draw the old woman with all the sea creatures in her stomach.</p>	<p style="text-align: center;">Maths</p> <p>Count how many sea creatures the old woman manages to get into her stomach. Can you make this amount of sea creatures using different things? (cut cardboard, yogurt pots etc) How many would you have if you took one away? How many would you have if you added one more?</p>	<p style="text-align: center;">Outside fun</p> <p>Make and use an obstacle course using whatever you can find.</p>
<p>Tuesday</p>	<p>Read the story 'On the sea shore' https://www.youtube.com/watch?v=U27w8AdmG64 Talk to your adult about the story. What did you like about it? Talk about your favourite page. Use one of the boxes you find to start making an underwater scene. Cut the box so you have a back, sides, floor and top. Paint or colour it blue – this will be your underwater project.</p>	<p>See if you can find a selection of boxes. Tell your adult what shape they are, which is the biggest, which is the smallest and can you put them in order?</p>	<p>Make a windsock. This one is from half a milk carton and some ribbon.</p> 
<p>Wednesday</p>	<p>Continue your underwater scene. What do you need to put in your box? Maybe you can use Google and research what under the sea looks like? What creatures will you find? What plants will you find?</p>	<p>Outside can you play racing games with your brothers and/or sisters? Count how long it takes each one and write down the number. See who will be the winner!!</p>	<p>Have you any soil in your garden? Use some water to make mud dough. What pictures or models can you make?</p> 
<p>Thursday</p>	<p>Continue you underwater scene – After your research yesterday you should have an idea of what you want to put in your underwater scene. Off you go – what can you find to make the plants, creatures etc? You may want to paint some plants or you may want to use some from the garden. You may want to use junk modelling to make the sea creatures. Have fun!!</p>	<p>Can you make a game up and get your family to play using lots of numbers or shapes?</p>	<p>Go for a long walk, what can you see? Talk to your adult about what you see, use lots of describing words. Maybe you could draw a picture of something you have seen on your walk.</p>
<p>Friday</p>	<p>Finish your underwater scene and take a picture. Put it on the WhatsApp group so I can see them all.</p>	<p>Find a recipe to make with your adult. Weigh out the ingredients. Ask your adult to take pictures of you doing this and of your finished product. Post them on our WhatsApp group.</p>	<p>Can you find some leaves, petals, twigs etc and make a picture ?</p>
