

Week Beginning 6th July 2020 Reception

| Monday | <p style="text-align: center; color: red;">English</p> <p>What is a dragon? What can they do? Where might you find a dragon? Do you know any dragons? (Zog, Toothless) Can you write down any key words related to dragons?</p> | <p style="text-align: center; color: red;">Maths</p> <p>Make some number cards from 1 to 20. Can you put them in order? Can you count forwards and backwards from a given number?</p> | <p style="text-align: center; color: red;">Topic</p> <p>Making magic wands Go on a stick hunt and collect one stick to make into a wand. Can you decorate your wand? What would you use your magic wand for?</p> |
|-----------|---|---|---|
| Tuesday | <p>https://www.youtube.com/watch?v=EW7PM7MruQ Read the story of Zog, the keenest dragon in school. Can you make a list of the rhyming words used in the story?</p> | Write the numbers 1 to 20. Get a grown-up to shout out a number. How quickly can you write the number down? | <p>Making fairy cakes With a grown-up, can you make some fairy cakes?</p> |
| Wednesday | Draw a character from the book. Can you label your picture with describing words? Remember a describing word tells you what something looks like, feels like or smells like. | <p>Number bonds to 10. Can you collect 10 items? How many different ways can you make 10? Write down the number bonds to 10.</p> | <p>A knight's tale Design your own shield and sword. Turn yourself into a knight.</p> |
| Thursday | Can you design your own dragon? What would be its special power? Where would it live? Draw a picture and write a sentence about your dragon. | Can you find the missing number bonds to make 10 in the robot's tummy? | <p>All about dragons Can you design a dragon egg?</p> |
| Friday | Write a shopping list for your dragon. What are his/her favourite foods? | Play the number bond game (2 players). | <p>All about dragons Can you make a fire-breathing dragon? Use whatever you can find at home.</p> |

Number Bonds to 10 game for two players

Land on a ? square and say the missing number.

Land on a ☆ and say two numbers that make 10.

Fairy Cakes

Ingredients

100g caster sugar

100g softened butter (for cakes)

200g softened butter (for icing)

100g self-raising flour

2 eggs

1 teaspoon vanilla extract

200g icing sugar

Food colouring, sprinkles, marshmallows or any other decorations that you fancy

Equipment

Oven

Fairy cake tray with room for 12 fairy cakes

12 fairy cake cases

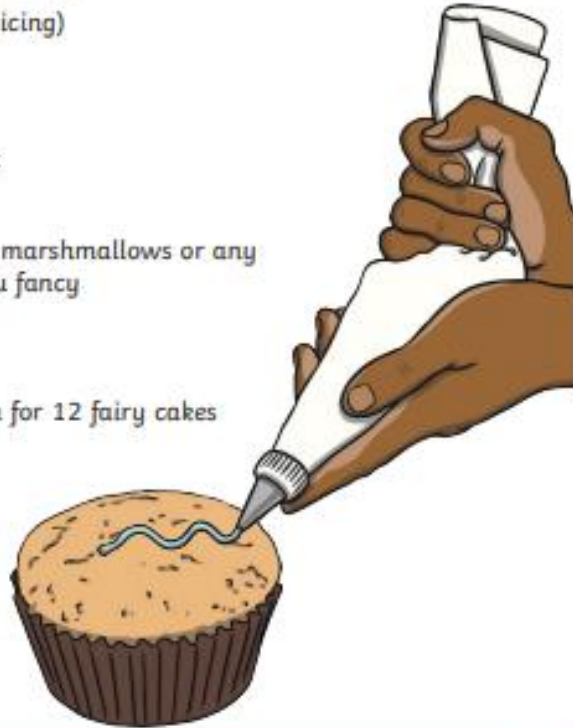

Large mixing bowl

Small mixing bowl

Wooden spoon

Fork

Icing bag

Method

1. Turn the oven on at 180°C or gas mark 4.
2. Put a paper fairy cake case in each hole of your fairy cake tray.
3. Put the sugar and 100g of butter in the large mixing bowl and mix it together. The butter needs to be soft so that you can really work it together with the sugar. It should be fluffy and creamy once combined.
4. Sift the flour into the bowl. This gets rid of any horrid lumps and make the flour nice and airy so you have light fairy cakes. Fold the flour into the sugar and butter.
5. Break the eggs into the small mixing bowl. Fish out any bits of shell that accidentally drop in and whisk the eggs together with a fork.
6. Add the vanilla extract and the eggs to the butter, sugar and flour mixture and mix together.
7. Divide the cake mixture out evenly between the 12 fairy cake cases.
8. Put the tray in the oven for 20 minutes. The fairy cakes should be golden once cooked.
9. Whilst the fairy cakes are cooking, wash and dry the large mixing bowl. Add the remaining 200g of softened butter to the bowl. Sift the icing sugar into the butter and mix together. The icing should be smooth and creamy. You can add a drop of food colour at this point if you want coloured icing.
10. Put the icing into the bag, ready to ice the cakes.
11. Once the fairy cakes have cooked, let them cool completely in the tray. When the cakes are cool, pipe the icing onto each fairy cake. Letting the cakes cool fully stops the icing from melting!
12. Decorate the cakes with your choice of sweets and sprinkles!
13. Serve your yummy fairy cakes and enjoy!

Number Bonds to 10

Can you find the missing number bond to make 10 in the robot's tummy?
