

Year 2 Summer Half Term 1 Parents' /Carers' Leaflet

Mathematics

Fractions:

Finding and recognising halves, quarters and thirds.

We will also be moving on to look at length and height

Religious Education

How does what believers do show what they believe?

Geography

We will be exploring the UK coastline and looking at some of Yorkshire's seaside towns.

Spelling tests

Each week's spellings are tested on the Friday of that week. You will find your child's spellings already stuck in their homework books.

This half term our topic is: Geography:

A place by the sea!
What's it like to live at the seaside?
A study of the U.K's coast.

English

In English we will be looking at some of the Katie Morag stories and writing a setting description for a Scottish Isle.

Science

Living things and their habitats.

Computing

We will be looking at creating pictures using the computer. We will use 2Paint to make our own artwork on the computer.

Creative Carousel

We are going to look at using different brush techniques and looking at some sea images.

PE

Attack v Defence games

Ball skills with hands

How you can help?

Please continue to read with your child at least 3 times a week and sign their reading record as well as supporting them with completing their weekly homework and learning their weekly spellings.
