

Year 5 Parents'/Carers' Leaflet Spring 1 2022

The aim of our curriculum is to link much of the work around a theme, which makes learning more exciting and purposeful.

Science

We will be continuing our topic on forces, then moving on to learning about Earth and space.

French

We will be learning about the weather.

Visits

We hope to host our annual Space Camp (Covid permitting), where the children will have the opportunity to do astronaut training, use a telescope and partake in a variety of space-related tasks.

English Work

We will be writing persuasive speeches in the style of Greta Thunberg before moving onto the Highwayman by Alfred Noyes.

Creative Carousel

In Creative Carousel we are looking at textiles, protest art and block printing.

Religious Education

This term the topic is:
What values are shown in codes for living?

This half term our topic is:
How is climate change affecting our world and how can we help?

PSHE

Mental health and emotional wellbeing.

Mathematics

We will learn how to use short and long multiplication, then move on to fractions, decimals and percentages.

Geography

We will be learning about the causes and effects of climate change; renewable and non-renewable energy and how to create a more sustainable future.

PE

Hockey and Gymnastics

How you can help your child

Please ensure your son/daughter completes their homework challenge work on time.
Please support your child with their KIRFs and to continue to help them learn their times tables up to 12x12. As always, we are grateful for your help in reading and practising spellings with your child.

Computing

As part of the computing curriculum, we will be learning how to create and use databases using Purple Mash.
