

## Year 3 - Summer Half Term 1 Parents' /Carers' Leaflet

### Mathematics

**Fractions:** Splitting shapes objects and numbers into fractions including halves, thirds and quarters as well as adding fractions with the same denominators.

**Money:** We will learn to count money (up to £10), make amounts of money in different ways then we will add and subtract different amounts of money.

### Science

We will continue our learning about plants as this half term is only a short one. We will learn about the life cycle a plant and produce our double page spread.

### Geography

We will be exploring the human and physical features of San Francisco and we will be looking at how to use a compass. We will be looking at maps and how to read them and understand symbols found on the maps.

### PE

Cricket  
Rounders

### English

Our English work will revolve around a child version of The Secret Garden.

We will create a setting description of the garden in winter and in spring to write a contrasting description.

This half term our topic is:

**Geography:**

**Spatial Sense**

### French

We will learn the correct French words for pets and other animals as well as recapping classroom objects in French.

### Creative Carousel

We are going to be gardening, cooking or designing and creating levers.

### Computing

We will be looking at databases.  
We will learn to sort objects using just 'Yes' or 'No'.

We will then move onto creating our own database.

### How you can help?

**You can help your child by listening to them read and encouraging them to work on their homework challenges.**
