

Year 3 Spring Half Term 2 Parents'/Carers' Leaflet

Mathematics

We will learn:

- how to multiply a 2-digit number by a 1-digit number
- how to use the bus-stop method for division
- about the relationship between multiplying and dividing.
- how to create multiplication and division fact families
- how to solve contextual problems for \times and \div

Religious Education

We are going to learn about the creation stories in different faiths and what they teach us. We will also discuss how they are similar.

Science

We will learn:

- about the importance of plants to the world
- the parts of a plant
- the lifecycle of the plant
- how a plant reproduces
- about germination

PSHE

This half term we will be looking at identity, community and celebrating differences.

We will learn what we mean by a community of people and the benefits of being part of a community.

PE

We will learn:

- **Dance:** A new dance and working as a team.
- **Athletics:** Throwing and jumping events such as long jump and javelin

English

This half term we will read the story 'The Gold in the Grave'. This book is set in Ancient Egypt and is about a group of tomb robbers. We will read the story and write a diary entry from the point of view of the main character the night before the robbery. We will also read the tale 'Egyptian Cinderella'.

Art & DT

Art: We will continue to learn how to draw different facial expressions.

DT: We will be helping put up our new greenhouse and planting new seeds.

Computing

We will learn:

- what an email is
- how to send an email
- about email safety and protecting your information
- how to add attachments to emails.
- how to copy others into an email

This half term our history topic is: Ancient Egypt

We will answer the questions:

1. How were early civilisations similar?
2. What were the achievements of Ancient Egypt?
