

Year 1 Summer 1
Suggested challenges for your child to enjoy at home

Can you make a weather chart for the week? Draw or write what the weather is like each day for a week. Talk about your favourite weather!

Can you compare the heights of people in your family? Who is the smallest / tallest? Can you draw a picture to show everyone's height?

Can you count backwards while going up the stairs? Can you start from 10? Can you start from 20? 50?

Can you spot any seasonal flowers? Look for Pansies, Tulips and Alliums.

Can you make up your own 'Phonics alien'? Draw an alien and give it a made up name!
Here's Plute!

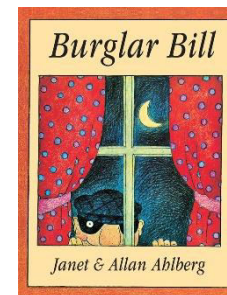

Can you identify different types of trees? Use this [Tree Identification Guide](#) from the Woodland Trust to help you!

Experiment with capacity. Fill different sized containers with water and find out which hold the most or least.

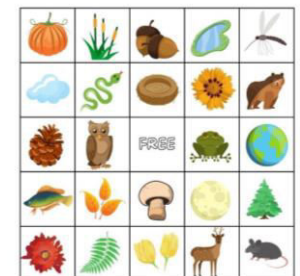

Ask a grown up what their favourite was when they were little and read it together.

Take a walk and see how many of the items you can tick off from Nature Bingo!
