

Year 6 Half term 3
Suggested challenges for your child to enjoy at home

<p>Create your own shelter, either inside or outside.</p> <p>Sleep, eat and entertain yourself in it overnight.</p>	<p>Read an Ancient Greek myth and tell a friend or family member all about it:</p> <p>1) What happened in this myth? 2) Did you enjoy this myth, if so then what did you like about it?</p>	<p>Fly a kite!</p> <p>Take a kite (or make your own) to an open space- preferably a field.</p> <p>Have a go at flying it!</p>
<p>It is well researched that in helping others it improves your own wellbeing. Set yourself challenges to help others in any way you can. This could be as simple as helping out at home, calling your Grandma regularly for a chat, raising money, joining in community projects, litter picking... anything that helps others.</p>	<p>Write a book review of a recent book you have read. It could be a non-fiction or a fiction book and you can present your review in any way you like.</p>	<p>Try a new board game or card game with some friends and/or family.</p>
<p>Walking challenge:</p> <p>Set yourself a walking goal for this half term. How many miles/km do you want to try to walk? Where will you walk? Who are you going to do this with?</p>	<p>Draw a picture of a scene from your favourite Ancient Greek myth.</p> <p>Use any materials or resources you wish to create this.</p>	<p>Imagine suddenly you and your family were stuck in your house and the shops were shut. Can you design a week's worth of nutritious meals using only what you have in your cupboards, fridge and freezer? How soon would you run out? Maybe cook one of the meals together.</p>
